Frequently Asked Questions:

Q: Can we adjust this package?

A: We have tailored many packages to suit couples requirements - here are some examples:

- We only have 30 guests can we adjust package? **Yes**
- Can friends provide the cake for us? **Yes**
- My brother is a DJ can I use him? **Yes**
- We're having ceremony at home can we delete that part? **Yes**
- Can we have 100 guests? **Yes**
- Can we replace beverage package for a standard bartab? **Yes**

Effectively the value of the "All in One Package" (70pax) changes when adjustments are made. The most common query is the Guest Numbers. Can we increase or decrease this?. Simply put **Yes** the only extra charge is when the enquiry numbers increase and of course the opposite happens if the enquiry numbers decrease :)
